

**Hospital-acquired infection public reporting bills**  
**Under consideration in 2005**  
**LAST UPDATED 7-7-05**

**Alabama** – SB 83

Bill Status: Failed to pass before session deadlines.

Last Action: Reported favorably from Senate Health Committee, but failed to come up for a final vote before the Senate deadline for passage of legislation.

Sponsor(s): Sen. Denton

**Active!** **California** – SB 739

Bill Status: In Appropriations Cmte (7/5)

Last Action: Passed with a “do pass” as amended recommendation out of Assembly Health Cmte; Amended in Assembly Health Cmte; Passed Senate (24-15); Sent to Assembly on 6/2; a hearing was held on July 5 in the Assembly Cmte on Health.

Sponsor(s): Sen. Speier

Other information: The Senate committee amendment added a requirement for hospital-specific infection information to be publicly reported.

**Colorado** - HB 1128

Bill Status: Failed to Pass.

Last Action: HB 1128 was passed by the House; reported favorably from the Senate Health Committee; sent to the Senate Appropriations Committee, where it failed because funding for other important health initiatives took priority in the committee.

Sponsor(s): Rep. Bob McCluskey-R; Sen. Bob Hagedorn-D

Other Information: National Conference of Insurance Legislators (NCOIL) model, which was based on CU model act.

**Connecticut**

Bill Status: Failed to Pass.

Last Action: Multiple hospital infection reporting bills were proposed to Joint Committee on Public Health but all were dropped because the Committee believes that an existing public health law (Public Act 02-125) does what these bills do. The law currently requires the DPH to record “adverse events,” including hospital acquired infections that result in the death or serious injury of a patient. However, there is no public information on the CT Dept of Public Health (DPH) website of adverse events or hospital infections.

Sponsor(s): The following legislators proposed hospital infection reporting bills: Representatives Claudia M. Powers, Arthur J. O'Neill,

Giegler, Godfrey, Wallace, Bielawa, Villano, O'Brien, Reynolds, Giannaros, Giuliano, Heagney, Nafis.  
Senators Gary D. LeBeau, Capiello, Ciotto, Gaffey, Looney, Handley.  
Other Information: Current CT law does not require public reporting of hospital-acquired infection rates by hospital, nor does it require any hospital-specific infection information to be published.

**Delaware – HB 26**

Bill Status: Referred to House Health & Human Development Committee. (2-25-05).

Sponsor(s): Rep. Oberle, Co-sponsors: Ennis, Hall-Long, Maier, Schwartzkopf, Wagner, Sen. Cloutier, Connor, Sorenson.

**Georgia – HB 417; SB 83**

Bill Status: Failed to pass in 2005. The bills can come up again in 2006 during the second part of the session.

Last Action: House Bill referred to Health and Human Services Cmte. (2-14-05). Senate Bill referred to Health and Human Services Comte. (1-28-05).

Sponsor(s): Reps. Alan Powell and Mark Butler; Sen. Hamrick

Other Information: HB417 is based on the CU Model Act; SB83 requires various quality of care information, including hospital-acquired infections, to be available to the public.

**Hawaii – (multiple proposals): HB 287; HB 1513; SB90; SB465; SB1086; SB1800**

Bill Status: All bills failed to pass in 2005. The bills can come up again in 2006 during the second part of the session.

Last Action: Senate bills referred to Senate Health Committee (2-18-05). House Bills referred to House Health Cmte, then Consumer Protection and Commerce Committee/Judiciary Committee (1-24-05).

Sponsor(s): SB465: Sen. Taniguchi; SB 1086: Sen. Espero; SB 1800: Menor; SB 90: Sen Ihhra; HB 287: Lee, Arakaki, Morita, Chong; HB1513: Stonebraker.

Other Information:

**Indiana – SB 468, SB 627**

Bill Status: Failed to pass; session ended.

Last Action: Bills referred to Senate Committee on Health and Provider Services (1-24-05). SB 627: Referred to Sen Cmte on Health and Provider Services (1-24-05).

Sponsor(s): Sen Alting (SB 468); Sen. Smith (SB 627)

Other Information: Also, SB 627 (Sen. Smith), which deals with various quality of care measures, would require hospitals to keep

infection statistics by unit and to make that information available to the public, upon request.

**Iowa - HF 44**

Bill Status: Failed to pass before session deadlines.

Last Action: Bill referred to House Human Resources

Sponsor(s): Representatives Gaskill and Murphey

**Kansas - HB 2283**

Bill Status: Failed to pass.

Last Action: Referred to House Cmte on Health and Human Services.

Sponsor(s): The House Cmte on Health and Human Services, chaired by Rep. Jim Morrison.

Other Information: The bill could be picked up again next January.

**Kentucky – HB76; SB185**

Bill Status: Failed to pass; session ended

Last Action: HB76 passed by House on 2-23-05 (vote: 81-13) and referred to Senate Health and Welfare Committee; SB 185 referred to Health and Welfare Committee, no action.

Sponsor(s): Rep. D. Graham (HB 76), Sen. Jones (SB 185)

Other Information: HB 76: based on the CU model act. SB 185 requires a study of reporting hospital-acquired infection rates, to be completed by the end of 2005.

**Louisiana – SB 22, S.C.R.86**

Bill Status: S.C.R. 86 (study resolution) adopted on 6/23;

Last Action: SB 22 (reporting bill) deferred with recommendation of study resolution.

Sponsor(s): Sen. B. Gautreaux (SB 22 and S.C.R. 86)

**Maryland – HB199**

Bill Status: Failed to pass; session ended.

Last Action: HB199 passed the house (133-4) on 3-17-05. Senate Finance Committee unanimously voted against the bill.

Sponsor(s): HB 199: Delegates Pendergrass, Hubbard, Barkley, Conroy, Donoghue, Dumais, Glassman, Goldwater, Gordon, Gutierrez, Heller, Kaiser, Krysiak, Lee, Love, Malone, Mandel, Menes, Montgomery, Oaks, Ross, Ramirez, F. Turner, DeBoy, Gilleland, Howard, Boutin, McComas, Benson, Bromwell, Costa, Elliott, Frank, Hammen, Hurson, Kach, Kullen, Morhiam, Murray, Nathen-Pullian, Rudolph, V. Turner, Weldon and Sossi.

Other Information: This compromise bill was backed by hospitals and infection control professionals; no opposition testimony was presented to Senate Finance Cmte.

**Active!** **Massachusetts** – S1308, S727, S736, HB2644, HB2645, HB2729, HB2743, HB2745.

Bill Status: All bills referred to Joint Cmte on Public Health

Sponsor(s): S1308: Sen. Morrissey, S727 and S736: Sen. Moore, HB2644 and HB2645: Rep. Atkins, HB 2729: Rep. Patrick, HB2743: Rep. Hall, HB2745: Rep. Hynes.

**Active!** **Michigan** – HB4504

Bill Status: HB4504 referred to Committee on Health Policy (3-16-05)

Sponsor(s): Reps. Wojno (primary), Accavitti, Sak, Whitmer, Gillard, Byrnes, Marleau and Lemmons.

Other Information: HB 4557; SB368

**Minnesota** – HF 87; HF1733; SF 983; SF 986; HF2438; SF2241; SF2278

Bill Status: HF2438 is in the House committee; no hearing scheduled. No action on SF2241 is anticipated, instead, the Senate has included hospital infection provisions in SF2278 (see description below). HF87, HF1733, SF983, SF986 failed to pass before legislative deadlines.

Last Action: HF2438 referred to House Cmte on Health Care Cost Containment. SF2241 referred to Health and Family Security Committee (4-18-05).

Sponsor(s): HF1733: Rep. Kahn; HF2438: Rep. Abeler; SF2241: Sen. Kiscaden; HF 87: Representatives Kahn; Sieben; Paymar; Davnie; Abeler; Greiling; Hilstrom; Ruud; Loeffler; Goodwin; Lenczewski; SF 983: Senators Marty; Skoglund; Ranum; Lourey; Dibble; SF986: Marty; Ranum; Lourey; Dibble; Anderson.

Other Information: **SF2278**, an omnibus health bill, was amended to include a provision that requires the health commissioner to establish and “encourage” the use of evidence-based guidelines which include guidelines on surgical site infections. This is significantly weaker than the other bills which require infection rates to be reported to the public. HF2438, a bill addressing health care cost containment issues, also includes mandatory reporting of hospital-acquired infections.

**Mississippi** - SB2929, SB2893; HB1361

Bill Status: All bills failed to pass.

Last Action: Referred to Committees.

Sponsor(s): Senator Cindy Hyde-Smith (SB2929); Sen. Tollison (SB2893); Rep. Janus (HB1361)

## **States with laws requiring hospital-acquired infection reporting as of 1-05**

### **Florida**

Status: Law passed in 2004. Implementation by the Agency for Health Care Administration; committee of stakeholders organized to develop implementation plan.

History: The law requiring hospital infection reporting is a brief statement requiring reporting infection rates to the public. Backed by the "Health Check" coalition. Originally contained in companion bills HB 701 (Rep. Donna Clarke) and SB 2022 (Senator J.B. Alexander); the provision on hospital infection reporting was passed as a part of a larger health bill, HB1629/SB2910.

### **Illinois**

Status: Law passed in 2003. Currently in the process of being implemented. This bill also required reporting on nurse staffing ratios.

### **Missouri**

Status: Law passed in 2004 and is currently being implemented by the Department of Health and Senior Services

### **Pennsylvania**

Status: Under a general law on hospital quality, the Pennsylvania Health Care Cost Containment Council (PHC4) was given the authority to collect and report hospital-acquired infection rates. PHC4 is currently collecting data from PA hospitals but has not yet issued a public report on rates.
